

Hari

HONG KONG

The Harilela Group has announced a 2020 opening date for its first Hong Kong hotel and second self-managed property.

Following the successful launch of the group's Belgravia flagship The Hari London, the 210-key Hari Hong Kong will be located in the city's lively Wan Chai district, with owner Aron Harilela once again appointing Tara Bernerd & Partners to create the full interior architecture and design scheme.

Comprising two restaurants, indoor and terrace bars, meeting rooms, an art gallery and fitness centre, Bernerd's aesthetic will combine a rich palette of bold materials with notes drawn from the local area, whilst orienting spaces to optimise views of the city.

Billed as a chic oasis in the heart of the busy commercial area, The Hari Hong Kong will mark the first hotel in Asia to be operated under the Harilela family's own brand.

EXPRESS CHECK-OUT

Owner: The Harilela Group

Interior Design: Tara Bernerd & Partners
