

FURNITURE DESIGNER

Tara Bernerd & Partners is currently seeking an experienced Furniture Designer.

The ideal candidate will have at least 5 years' experience working within the hospitality and restaurant sector, and/or luxury residential.

The role will involve working primarily on TB&P's high-profile hospitality and commercial residential projects, as well as developing a new 'in-house' furniture range.

The successful candidate must have a strong understanding of design in general, both past & present, with a particular interest in Furniture and associated products. They will be required to produce in depth detailed furniture designs in response to briefs and deadlines created in collaboration with the design teams. A broad appreciation of design is essential. Attention to detail is a must along with strong communication skills.

Immediate start preferred.

Key Responsibilities:

- Both interpret & create detailed design briefs to produce comprehensive packages of furniture within hospitality projects.
- Concept generation and visualisation in early stages of projects (Hand sketching and photoshop/rendering).
- Strong practical insight into manufacturing/artisanal techniques for high-end furniture construction and production.
- 3D modelling and detailed rendering (Solidworks & Keyshot currently used, others are possible).
- Produce technical drawing packages (AutoCAD compatible).
- Review of manufacturer's drawings.
- Project manage furniture production packages to align wider project delivery deadlines.
- Review physical samples & prototypes (occasional travel required) as well as final production pieces.
- Strong creative and visualisation skills.
- Good brand and procurement knowledge is preferable.

The aforementioned software programs are advantageous, but alternatives will be considered.

Key Skills Required:

- Pro-active
- Confident
- Organised
- Excellent communication skills
- Time management
- Team player
